MAKE-UP Instructions

1. **Cleanse Face** – to get rid of dirt & oil
2. **Moisturize Face** – including forehead & down under chin line; let dry before applying foundation
3. **Moisturize Lips** – to make lip colour application easier
4. **Foundation** – use foam wedge to smooth over face, forehead, eyes & down below chin line; blend well; let dry before applying powder
5. **Powder** – use large brush & shake off excess powder before applying; lightly dust powder all over face, eyes & down below the jaw line
6. **False Eyelashes** – check for size & trim if necessary; dab a bit of lash adhesive on the back of hand; dip toothpick to run a thin layer across the lash band; align lash band with natural lash line; gently press; allow to dry
7. **White/Cream Eye Shadow** – apply over eye lid; follow natural line of brow & extend slightly beyond end of brow
8. **Brown Eye Shadow** – cover the bottom half of the lid; draw darker 'line' in the crease
9. **Black Liquid Eye Liner** – use on top of the false eyelashes only pulling out for a "cat eye".
10. **White Eye Pencil** – use on the bottom eyelashes from the outer corner underneath the "cat eye" bring up at the outside corner
11. **Black Eye Pencil** – use on the bottom eyelashes from the inner corner outwards; bring up at the outside corner, underneath the white eye pencil
12. **Black Mascara** – apply to bottom lashes only
13. **Blush** – make a 'fishy' face; apply by gently brushing blush from the apple of the cheek upwards along the cheekbone; use a foam wedge to blend if necessary
14. **Red Lip Pencil & Lipstick** – outline lips then colour in with red pencil; cover lips with red lipstick
15. **Face Setting Spray** – lightly mist entire face
